TOPOGRAPHIC MAP SYMBOLS

Primary highway, hard surface
Secondary highway, hard surface
Light duty road, hard or improved surface
Unimproved road, grade/dirt, natural surface
4WD, rough, trail
Trail
Route marker (interstate, U.S., State)
Railroad: standard gauge, narrow gauge
Bridge, underpass, underpass
Special road, railroad
Built up area, locality, neighborhood
Airport, landing field, landing strip
National boundary
State boundary
County boundary
Reservation, or State conservation boundary
Land grant boundary
Tract, township, section
Range, township, section line, projected
Power transmission line, pipeline
Dam, dam with dock
Cemetery, building
Windmill, water well, spring
Mine shaft, adit or cave, mine, quarry, gravel pit
Campground, picnic area, CO location monument
Ruins, cliff dwelling
Disturbed surface, strip mine, quarry, sand
Contours, index, intermediate, supplementary
Contour interval change
Stream, lake, perennial, intermittent
Rapids, falls, and small falls, large and small
Area to be submerged, marsh, swamp
Land subject to controlled inundation
Special area boundary
Recreation area boundary
National trail, back country, scenic routes

NOTE TO MAP USERS

The surface and minerals management status guidelines are published as separate surface and mineral management maps. Some of the on-site surface and minerals rights, ownerships, etc., shown as published largely due to the lack of information available to BLM at the time of publication. Updated information is regularly added by the BLM into use of this map for purposes not intended by BLM. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up to date status on any specific tract of land. Inaccuracies in the BLM maps should be reported to the respective Bureau of Land Management offices from where the maps were received.

PUBLIC ACCESS

Roads crossing public lands may be traveled as the public crosses private property signing or notice by the land management agency. Public lands enclosed by private property may be accessed by permission or squatter rights. No access, private, seasonal, or cross private land, or otherwise access is provided by a Federal, State or County road, or a BLM road with legal access.

Edited and published by the Bureau of Land Management National Science and Technology Center in cooperation with the Bureau of Land Management New Mexico State Office. Planimetry partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Management's Geographic Coordinate Data Base. Land status and other source information compiled by Bureau of Land Management. Hydrography, Hydrography, Boundary, and Transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1972.

Lambert Conformal Conic Projection
North American Datum 1983
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys.

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, hiking, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State, District, or Field Office for more information.
