Key: (a) Informed Pueblo of Acoma community members consulted with knowledgeable elders for the evaluation of the significance of archaeological sites. They communicated their findings to Dr. Kurt F. Anschuetz for inclusion in the archaeological site database.

(b) The Pueblo of Laguna authorized Dr. T. J. Ferguson to consult with knowledgeable elders directly. These consultations provided contextual information, which other Pueblo members and Dr. Ferguson applied during the task of identifying significant archaeological resources.

(c) The Pueblo of Zuni authorized Mr. Kurt E. Dongoski to consult with knowledgeable elders directly. These consultations provided contextual information, which other Pueblo members and Mr. Dongoski applied during the task of identifying significant archaeological resources in.

(d) Mr. Kelly Francis and other staff of Navajo Nation Historic Preservation Department identified individual archaeological sites important to the Nation based using protocols previously developed in consultation with knowledgeable community members.

(e) Mr. Terry Morgart, Hopi Cultural Preservation Office, identified specific archaeological resources on Horace and Bibi mesas as possessing significance. These evaluations were made previously through a formal program of community consultations during the preparation of the *Hopi Ethnographic Study and Reconnaissance for the Enchanted Skies Park and Observatory, Cibola County, New Mexico* (Anyon 2001).
