<sup>1</sup> The tax credit program rule 4.10.9 NMAC has been updated, effective January 1, 2026, to change the submission deadline from 14 calendar days prior to a CPRC meeting to *30 calendar days* to allow for appropriately thorough reviews and to align the tax credit program with others administered by the Historic Preservation Division.

<sup>2</sup> Please note these are hard deadlines to provide staff with enough time to process all applications to include Part 1 applications, Part 2 applications, and any amendments. If an application is received *after* a meeting deadline, then it will not be considered until the following CPRC meeting. For example, if an application is submitted on January 15, it will be considered at the April 3 meeting.
